

WHO WE ARE

Potreal Insight Solutions Limited is a fast-growing indigenous Electronic Security, Safety, Smart home solutions, ICT, and Energy services Provider Company, founded to offers intelligent security and network infrastructure solutions that will enable smarter and safe working environment for our clients.

As a company, PISL is keen in delivering high value to you through the provision of efficient Information Communication Technology to meet preferred specification and needs.

Our designs and systems aim to improve Communications, Information Management, Reducing Theft, Improves Operational Processes, eradicate system downtime, reducing support requirements, and provide rapid return on investment of our clients.

PISL has over the years had her team function in different capacities in projects delivery.

Mission & Goal

Mission

PISL is committed to become the best in providing efficient cutting edge ICT, Renewable Energy, Electronic Security, Safety and smart home solutions for individuals and corporate bodies. Our strength is to use technology and reliable energy sources for full optimization of resources and swift return on investment.

Goal

Our goal is getting customer satisfied and confidence in our services by meeting their needs with quality and reliable services.

Our Core Competency

Listed below are parts of the systems we deploy at PISL. We continue to broaden our scope to encompass all IP based systems and are perfectly willing to take on new and challenging implementations.

PISL has a broad-range of experience including -but not limited to- Consulting and Systems Planning in the following areas:

1. Automation, Electronic Security and Safety

- System Integration
- Fire Alarm and detection Systems
- FM 200, Sprinkler system Fire suppression Systems
- Physical Security consultancy
- VMS, Time and Attendant Access Control Systems
- Baggage Scanner
- Electric Fencing and Home Automation
- Vehicle Tracking System.
- Employee and Visitor Recognition Systems
- Network security systems, security cameras (CCTV), city surveillance.

2. Local Area Network, WAN Infrastructure Installation and Data Analytics

- Cable Intra-inter network

Logistics, Electrical services, Extra low voltage, data and voice, Security..... 

- Enterprise Optical transmission and access
- Data Center
- Wired and Wireless, based on commercial standards
- VoIP Network
- Legacy PBX based voice networks
- Digital Media Systems
- Video Conferencing Systems and endpoint
- Campus Area Networks with Fiber Optic Backbone.
- Remote Access Installation
- ISP third party consulting
- Remote Offices.

3. Electrical, Mechanical and Sound Services

- Home Cinema
- Public Address System
- Electronics/Electrical Automation
- Renewable energy
- UPS backup

4. Project Management

Our Solutions

Security & Safety

Every year, at least over 1,000 serious fire outbreaks occurs in Nigeria according to **Fire Services**- adding up to property losses running into billions of naira annually. Keeping your workplace or home safe means more than fire protection, we offer total protection that extends to monitoring, process conformation, security and data management.

Address: 4B Obasooto Street, off Shasha Road, Akowonjo, Lagos.

Tel: +2348058053495, +2348036602284,

Website: www.potreal.com, Email: info@potreal.com, pislnigeria@gmail.com

Directors; Barr. Olabode Awelewa, Prince Adeola A. Aderele

Logistics, Electrical services, Extra low voltage, data and voice, Security..... 

Our service involves preventing losses due to breach of security and fire destruction, keeping your property, employee and assets safe. We ensure the best state of art security and safety is used to place your organization in compliance with national and industry regulations.

We are focused on protecting life and property with innovation, intensity, thoroughness and dedication to our critical mission.

- We install and maintain the right fire suppression, protection and security systems for your organization, corporate or domestic facility; a manufacturing plant or your own home.
- We give you one number to call when you need service. Whether you utilize just one of our services or a full range, a **PISL** account manager is assigned to support and, answer all your questions and making sure your fire-protection, energy backup, network infrastructure and security needs are met.
- We maintain a full staff of certified design engineers and project managers who are masters of designing systems that meet code and bring you the most appropriate system for your operation—and your budget.
- Our technicians are fully certified and receive ongoing training
- We offer all the high-quality products you could want, configured and maintained for your needs by experienced associates to bring you total protection from one source. Our direct relationship with manufacturer enables us to provide unlimited supports to our clients before and after deployments.

Above all, our ethics- culture of honesty and dedication to promises within allotted time- that most keeps our clients safe which is the reason they choose **PISL** to protect what they have worked so hard for.

Address: 4B Obasooto Street, off Shasha Road, Akowonjo, Lagos.

Website: www.potreal.com, Email: info@potreal.com, pislnigeria@gmail.com

Directors; Barr. Olabode Awelewa, Prince Adeola A. Aderele

Logistics, Electrical services, Extra low voltage, data and voice, Security..... 

We deploy system such as Firefighting and Suppression Systems (Fire Alarm, Sprinkler, FM200 for Server room and data Centers, Hydrants), Closed Circuit Television (CCTV), Metal detector, Network surveillance system, Baggage scanners, Identity / access control system (Biometric and Card reader), Automatic Sliding doors, Full and waist height Turnstile/ Revolving doors, Vault/ Security doors for strong room and ATM (Automated Teller Machine), Electrical fence, Burglar Alarm, that guide against pilferage, illegal movement of goods, fire outbreak, theft, and fraud etc.

Information and Communication Technology (ICT)

As information and communication is important to business, it is critical in the securing of life and property. Our solutions provide our customers with fast, reliable and, efficient means to multitasking. We have solutions that meet our client requirement in Domestic building, Airports, Seaport, Hotels, Parks, Prisons and Rehabilitation facilities, Malls, Health care centers, Roads, Warehouse, Vehicle and Education institutions.

Our IP based solutions enhance productivity, efficiency and the ability to interface with security (intelligent video analytics, facial recognition, POS, road traffic monitoring), Access control, cable structuring and building management systems.

We deploy IP based security and safety equipment that can be monitor remotely using LAN, WLAN, WAN, RF to ease and reduce numbers of control/viewing rooms and therefore saving the cost of running multiple site monitoring rooms.

Address: 4B Obasooto Street, off Shasha Road, Akowonjo, Lagos.

Tel: +2348058053495, +2348036602284,

Website: www.potreal.com, Email: info@potreal.com, pislnigeria@gmail.com

Directors; Barr. Olabode Awelewa, Prince Adeola A. Aderele

Logistics, Electrical services, Extra low voltage, data and voice, Security..... 

We also, offers service such as supply, installation and commissioning of Intercoms, Computers, Servers, Cable Network, Computer Networking, wireless access point to our client.

ELECTRICAL AND RENEWABLE ENERGY

Rising energy costs and energy security are becoming increasing threats for businesses, communities and homeowners. We are all-responsible for the environment and can take control of the future, yet we must find financially viable solutions to these fundamental issues. At **PISL** we use tried and tested renewable solutions to addressing these issues through cheap energy generation and efficiency measures.

PISL provides high quality renewable energy installations that generate a great investment opportunity for both commercial and domestic environments to provide 24/7 uninterrupted power for business and security

Consultancy & Training

At **PISL**, we strongly believe that training, our clients on the operations of installed equipment is the key to long lasting equipment. Our project team trains clients on proper usage of installed equipment upon the completion of each project. Our goal on training is to make sure that our clients have a well-planned strategy for any unforeseen challenges.

In delivering a good project, expert judgement is one of the key tools that must not be omitted. So also is 'Lesson learned' in relating to past projects. Project management professionals, has over the years proven that these two tools are very important in getting value for money. In **PISL**, we offer a full consultation using project management standard on Extra Low Voltage Systems.

Address: 4B Obasooto Street, off Shasha Road, Akowonjo, Lagos.
